

# EK® COMMANDO KNIFE PRICE LIST

06 Sep 2012

**ORDERING S.O.P.:** By the numbers, go through each Section (1-6).

**WHEN YOU CONTACT US** by phone or email, you will NOT get automated prompts or a receptionist. You will get a smart, sharp, engaging, knowledgeable, educated, mature American who speaks ENGLISH, our official language here at HQ in Richmond, Va., U.S.A. (If you get the machine, we're busy; leave a message, and we'll call you.) Best communicating by email, as this is 24/7/global. The select few who appreciate *quality* and discretion (*especially* professionals) express satisfaction with communicating with us.

## SECTION 2: THE EK® COMMANDO KNIVES

**Ek is the only knife company that lets you choose between (and, if any) 4 types of sheaths and in 5 colors, for best camouflage discipline and mission tailoring. (If sheath desired, select type/color in SECTION 3: EK SHEATH SHOP.)**

### STEEL

Blades are high-carbon surgical stainless steel HCS 1415, heat treated to 1950°F, then plunged to 120°F below zero to retain their honed, razor-sharp edge. Hardened to Rockwell C57-59.

### BLADE FINISH

All models are precision, low-glare satin finish, to reduce glare and to minimize drag in the cut and thrust.

### FULL-TANG DESIGN

All models are full-tang, the *strongest* design possible. (Know any other knife maker that can say that? We don't!)

### EK® MODEL CODE SYSTEM

- Model 1 – Edge-and-a-half, no crossguard (6 7/8" blade: 12 3/4" L.O.A.)
- Model 2 – Double-edge, no crossguard (6 3/4" blade: 12 3/4" L.O.A.)
- Model 3 – Edge-and-a-half, with crossguard (6 7/8" blade: 12 3/4" L.O.A.)
- Model 4 – Double-edge, with crossguard (6 7/8" blade: 12 3/4" L.O.A.)
- Model 5 – Bowie with crossguard (6 3/4" blade: 12 7/8" L.O.A.)

## SECTION 3: THE EK® SHEATH SHOP\*

When/if Ek Sheaths are ordered with a knife, shipping is included as part of knife shipping fee. If sheath is ordered, but not with a knife, see "Shipping and Handling" fee (Section 6). Unless specified, sheath belt loop easily fits military belts up to 3". Also, first two sheaths, below, have 6' of P-cord lash-down strap at tip (wrapped around Ek Toggle), and 15' of P-cord lash-down strap wrapped around sheath body. Ek P-cord is 650-lb. test (standard mil-spec is only 550).

### DELUXE LEATHER EK SHEATHS

Ek designed and made exclusively for Ek by old famous Western saddler, Tex Shoemaker & Son. Features 11 perimeter holes (7 with brass eyelets) for lashing to MOLLE gear, pack, etc. Metal snap. Interior custom fitted for PERFECT, SECURE fit, so SPECIFY (unless obvious) if for a Model 5 Bowie or for All Other Ek blades.

- Black Leather \$55
- Tan Leather \$55

### LC-2 MIL-SPEC WEB-BELTING EK SHEATHS

Heavy duty, *thick* LC-2 Web Belting (sheath body thickness 9/16"); D-Ring at tip; adjustable hilt strap with brass snap; plastic "Quick/Silent Slip" liner; 3 steel screw rivets. All weather/all conditions. SPECIFY color: Black, Desert Tan, or O.D. \$39 ea.

### EK LEATHER WORLD WAR II RE- ISSUE

Dark Brown leather, riveted and stitched, with belt loop that curves behind back of sheath body. Specify if upper corners of sheath body (the "throat") to be notched for Ek knives with our 1982-and-later "C"™ crossguard, or with straight-cut top.

- WWII Leather – Notched for "C" Guard \$49
- WWII Leather – Straight-Cut Top \$49

### EK LEATHER/STEEL-CLIP SHEATH

As above, but, instead of belt loop, large (1" x 3") H-D steel lock-clip on back, to clip onto boot or military belts (up to 2 1/4"), or it clips around 2 MOLLE straps. Steel clip closes completely *around* the belt/or straps, so can't pull off. All with "notched" top corners of sheath body for all 1982-and-later Ek knives with Ek "C"™-crossguard (also works for Ek knives without guards). \$49

\* Most military knife companies offer the same, one generic sheath as the others (it's easier and cheaper). At Ek, we take the time, money, effort, logistical complications, design knowledge, experience and skill to create our own. Thus the Ek Sheaths.
